WORK EXPERIENCE

Jr. Application Engineer
Tiny ERP Pvt Ltd (Odoo India)

01/2020 - Present   *Gandhinagar*

Achievements/Tasks

- Effectively multi-tasked and worked well with internal and external teams.
- Successfully identified, diagnosed, and fixed application problems and solved that using Python and SQL queries.
- Debugging, maintaining and improving existing systems with a focus on performance, security, reliability and reduction of operational burden.
- Mentored and Supervised few Freshers, who joined the company during my time in the Upgrade Team. Also, interacted with some of the foreign clients and helped them in fixing issue they were facing while using OdooERP system.
- Due to my deep understanding of various Odoo Modules and their functionalities, I was transferred to the offshore team. Where, I learned OdooERP customization and implementation using Python, XML and JavaScript.
- Worked to meet client deadlines.
